BEAUTIFUL IN MY SKIN SINCE 1970

#### EDITORIAL

## Dear beauty lovers,

When I think of the year that's coming to an end, my feelings are bittersweet, but always filled with optimism.

We have proudly celebrated 53 years of successful operations, launched a series of inspiring innovations and have further contributed to the preservation of the natural environment by introducing greener packaging solutions. We are growing while recognising that all our successes would not have been possible without you – our customers. Thank you for writing this wonderful story of beauty with us.

Along with much good, we will certainly remember this year for the relentless raging of nature in Slovenia. For the moments that reminded us how small human beings really are, and how great things can happen when we stand together. At Afrodita Cosmetics, we sympathise with all those whose lives were affected by the floods and we are doing our best to help with donations.

I wish you to embark on every journey in the coming 12 months with the sincere thought that everything will be good, better in the New Year. Good thoughts and heartfelt wishes can do wonders.

Danica Zorin Mijošek  
Director, Afrodita Cosmetics
